The book argues that penal action by public officials is permissible force rather than wrongful violence only if it could be accepted by the agent as being consistent with its freedom. There are, however, different conceptions of freedom — formal liberty, real autonomy, and free citizenship — and each informs a distinctive theoretical paradigm of penal justice generating its own constraints on state coercion.

Punishment and Freedom - Oxford Scholarship

The same psychological model used for the moral sense appears again when Rée explains the 'sense of justice' that demands retribution for wrongdoing as arising from the practice of punishment, which presents the misleading appearance of an immediate relation between the act and the offender's liability to punishment. The denial of free will and, in consequence, of moral accountability ...

Oxford Monographs on Criminal Law and Justice

The book has argued that we lack the sort of free will required for moral responsibility in the sense that involves basic desert. Some of the most prominent justifications for punishing criminals, such as retribution theory, are ruled out by this kind of free will skepticism. Alternative justifications, such as certain moral education and deterrence theories, are compatible with this skeptical ...

Free Will Skepticism and Criminal Punishment - Oxford ...

In Crime and Punishment, Fyodor Dostoevsky uses the commission of a double-murder to initiate and organize a diverse set of philosophical reflections. This volume contains seven essays that approach the novel through philosophical themes in order to offer both readings of the text and continuations of its reflections. The topics addressed include Dostoevsky's presentation of mind and ...
